EDUCATION

Master Methodology and Statistics, Utrecht University   2021 - 2023

- The two-year Master's programme trains students to become researchers who can bridge the gap between hard-core statistics and applications in empirical research in the social, behavioural, biostatistical, and medical sciences.
- Thesis: What Size Should My Audit Sample Be? A Guideline on Efficient Audit Sample Selection, *supervised by L. Boeschoten and S. Scholtus*
- GPA: 8.4

Minor Applied Data Science, Utrecht University   2020 - 2021

- The minor in Applied Data Science gives students who are interested in the growing field of data analytics the chance to further develop their skills.
- GPA: 8.5

Honours College, University of Groningen   2018 - 2021

- The Honours College gives talented, motivated students the opportunity to challenge themselves even more by offering an extra programme, worth 45 EC.

Bachelor Psychology, University of Groningen   2017 - 2021

- Thesis: Arousal- and Attention-based Effects on Time Perception in Times of Acute and Sustained Fear, *supervised by W.R. van der Mijn*
- GPA: 8.2

EXPERIENCE

Research Intern   Sep 2022 - Present
Statistics Netherlands   *The Hague*

Teaching Assistant   Aug 2021 - Present
Utrecht University   *Utrecht*

As a teaching assistent, I have taught workgroups in the following courses:

- Kennismaking Onderzoeksmethoden en Statistiek (undergraduate level)
- Advanced Research Methods & Statistics for Psychology (undergraduate level)
- Verdieping in Onderzoeksmethoden en Statistiek (undergraduate level)

Furthermore, I have supervised practicals in the following courses:

- Ontwikkelen van Assessment- & Evaluatie-instrumenten voor Onderwijssituaties (undergraduate level)
- Psychologie als Wetenschap (undergraduate level)
- Toepassing van Onderzoeksmethoden en Statistiek (undergraduate level)
- Introduction to Structural Equation Modeling using Mplus (postgraduate level)
- Advanced Structural Equation Modeling using Mplus (postgraduate level)
- Survey Research: Statistical Analysis and Estimation (postgraduate level)

Student Consultant   Sep 2020 - Dec 2020
UniPartners   *Groningen*

Student Tutor   Jan 2018 - Jun 2019
Lyceo   *Groningen*

PROJECTS

Efficient Audit Sampling Selection. During my research internship at Statistics Netherlands, I investigate ways to select an audit sample that is as efficient as possible in terms of effort, while at the same time making sure that the audit sample is still representative.

Consulting for Hooikoortsradar with UniPartners. UniPartners' projects combine academic knowledge with a practical and professional approach. I was offered the opportunity to do statistical research for Hooikoortsradar. The findings and accompanying advice were written down in a report.

EXTRA-CURRICULAR ACTIVITIES

Board and Committees. I have been an active member at the study association for Psychology students in Groningen between 2017 and 2022. During this period, I have been part of several committees. Additionally, I fulfilled a position in the board as treasurer in 2019-2020.
